Street address line 2

City

Zip or Post code

Phone number

Notes about all applications:

ANSI audits the process that CPLSO undergoes in order to produce an American National Standard. In CPLSO's process any member of the public is able to take part. The public can take part directly, as a canvasee, so long as there is a Balance within the members of the canvass list and no group dominates. CPLSO has a requirement that a proportion must be qualified in the subject matter. If Balance is not achieved, then selection is based upon last in first out until more suitable members of the public have applied to join.

Balance means that not all canvasee's get on to the list and sometimes may lose their place, on the list, till Balance is suitably corrected. Please confirm acceptance

Select only one category

Distributor- Companies or consortia that distribute, but do not manufacture the specific product or family of products named in this proposed standard.

General interest -If you do not fit into one of the other categories, you should consider yourself "General Interest".

Institutional- Hospital or University employee who has a material interest in the subject matter in this proposed standard.

Manufacturer- Manufacturer of the specific product or components of products or family of products named in this proposed standard.

Medical - Medical trained person who has a material interest in the subject matter in this proposed standard.

User- Corporate or individual end user of the specific product or family of products named in this proposed standard

Qualified Canvasees

Balance is also required so that a proportion of the canvasees are qualified in Electric power Engineering, High Voltage Engineering or Medicine. Please indicate if you are qualified in any of these fields. CPLSO may require you to provide a digital scan, of your University certificate, and or authorization to contact the certificate issuing Organization.

Qualifications

Electric Power Engineering

High Voltage Engineering

Medicine

I agree to provide a copy of my University Certificate, if requested, and allow CPLSO to contact the certificate issuing Organization to verify the document.

Forms must be saved as "your name" and returned to pratt.hugh@cplso.org
